Independent auditor's report on financial information of Project "REDD Early Movers do Mato Grosso"

To the
Executive Office and the Board of Directors of
Fundo Brasileiro para a Biodiversidade - FUNBIO
Project REDD Early Movers do Mato Grosso
Rio de Janeiro - RJ

Opinion

We have audited the financial information of Project "REDD Early Movers do Mato Grosso" ("Project or "REM"), managed by Fundo Brasileiro para a Biodiversidade - FUNBIO (the "Entity"), funded by the German Government through the German Development Bank (KfW), and by the Government of the United Kingdom through the Department for Business, Energy & Industrial Strategy (BEIS), for the period from July 1, 2023 to June 30, 2024, and notes to the financial information, including material accounting policies and other explanatory information.

In our opinion, the accompanying financial information of the Project for the period from July 1, 2023 to June 30, 2024 was prepared, in all material respects, in accordance with the contracts entered into by and between the parties, and the cash receipt and disbursement basis of accounting described in Note 2.

Basis for opinion

We conducted our audit in accordance with Brazilian and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial information* section of our report. We are independent of the Entity in accordance with the relevant ethical principles set forth in the Code of Professional Ethics for Accountants, the professional standards issued by Brazil's National Association of State Boards of Accountancy (CFC) and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter - Basis of preparation and presentation of the financial information and restriction on distribution or use

We draw attention to Note 2 to the financial information, which describes the basis of accounting of this financial information, prepared to assist the Entity in complying with the provisions for preparation of the financial reports of the aforementioned contract. As such, the financial information may not serve any other purposes. Our report is intended solely for use and information by the Entity's management and Project funders, and should not be distributed or used by other parties. Our opinion is not modified in respect of this matter.

Responsibilities of management and those charged with governance for the financial information

Management is responsible for the preparation of the financial information in accordance with the contracts entered into between the parties and the cash receipt and disbursement basis of accounting described in Note 2, and for such internal control as management determines is necessary to enable the preparation of financial information that is free from material misstatement, whether due to fraud or error.

In preparing the financial information, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Project's financial reporting process.

Auditor's responsibilities for the audit of the financial information

Our objectives are to obtain reasonable assurance about whether the financial information as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Brazilian and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial information.

As part of an audit in accordance with Brazilian and International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identified and assessed the risks of material misstatement of the financial information, whether due to fraud or error, designed and performed audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Auditor's responsibilities for the audit of the financial information--Continued

- Concluded on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial information or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluated the overall presentation, structure and content of the financial information, including the disclosures, and whether the financial information represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Financial information of Project “REDD Early Movers do Mato Grosso”

Period from July 1, 2023 to June 30, 2024

(In thousands of reais, unless otherwise stated)

Changes in the funds of Project “REDD Early Movers do Mato Grosso” in the period from July 1, 2023 to June 30, 2024 are as follows:

	Notes	06/30/2024	06/30/2023
Project balance at beginning of period		95,091	137,821
Short-term investment income (*)	3	6,353	12,940
Finance costs		(15)	(17)
Funds executed	4	(59,200)	(55,724)
Transfer to phase II (**)		(4,660)	-
Other adjustments		226	71
Project balance at end of period	3	37,795	95,091

(*) This amount refers to financial investment yield, net of income tax to be withheld upon redemption by Funbio.

(**) On May 7, 2024, the amount of R\$4,660 was transferred to Foundation for Amazon Sustainability (FAS) due to transfer of resources to the second phase of the program.

See accompanying notes.

Fundo Brasileiro para a Biodiversidade - FUNBIO

Notes to the financial information of Project “REDD Early Movers do Mato Grosso”

Period from July 1, 2023 to June 30, 2024

(In thousands of reais, unless otherwise stated)

1. Operations

Fundo Brasileiro Para a Biodiversidade (FUNBIO) is a Brazilian private not-for-profit entity that operates in partnership with the government and business sectors as well as the civil society so that strategic and financial resources are earmarked for effective biodiversity conservation initiatives. The Entity’s head office is located at Rua Voluntários da Pátria, nº 286, 5th and 6th floors, Botafogo, Rio de Janeiro - RJ, with establishment in the city of Brasília, Federal District, at SHN Quadra 2, Bloco F, Executive Office Tower, suite 1323 to 1326, Asa Norte.

The main activities include financial management of projects and funds, design of financial mechanisms and studies of new sources of funds for conservation, as well as procurement and engagement of goods and services. FUNBIO is accredited as an implementing agency for GEF - Global Environment Facility and for GCF - Green Climate Fund.

This Project “REDD Early Movers do Mato Grosso” (“Project or “REM”) consists of remuneration on results (ex-post) of reductions in greenhouse gases emissions from deforestation. The main purpose of the Project is to significantly reduce the emissions from deforestation and environmental degradation in the state of Mato Grosso and in Brazil. The funds for the Program are provided by the German Government, under agreement BMZ 2016 69 084 through the German Development Bank (KfW), and under agreement BMZ 3020 00 180 through the Government of the United Kingdom, by means of the Department for Business, Energy & Industrial Strategy (BEIS).

2. Material accounting practices

Basis of preparation and general information

The financial information was prepared on a cash receipt and disbursement basis of accounting, whereby revenues are recognized upon receipt of funds (resources) and expenses are recorded when they effectively represent expenses paid in cash. This accounting practice differs from the accounting practices applicable in Brazil, which establish that transactions must be recorded as incurred rather than when paid.

This financial information is presented in Brazilian reais (R\$), which is the Entity’s functional currency. All financial information presented in thousands of reais was rounded to the nearest thousand, unless otherwise stated.

This financial information was approved for issue by the Entity’s management on August 13, 2024.

Fundo Brasileiro para a Biodiversidade - FUNBIO

Notes to the financial information of Project “REDD Early Movers do Mato Grosso” (Continued)
 Period from July 1, 2023 to June 30, 2024
 (In thousands of reais, unless otherwise stated)

3. Funds available

From July 1, 2023 to June 30, 2024, the remaining checking account balance is broken down as follows:

Description	Type	06/30/2024	06/30/2023
Banco do Brasil - 24486-4	Checking account	-	3
Banco do Brasil - RF LP Corporate 24486-4	Financial investment	35,942	95,088
Banco do Brasil - CDB DI	Financial investment	1,853	-
Total		37,795	95,091

In the period from July 1, 2023 to June 30, 2024, net financial investment income totaled R\$6,353 (R\$12,940 at June 30, 2023).

Funds are invested in Fundo Renda Fixa LP Corporate and in bank deposit certificates (CDBs) that ensured 106.50% and 96% of the Interbank Deposit Certificate (CDI), respectively. The fund has no redemption period and CDBs are redeemable within 60 months; both are subject to an insignificant risk of decrease in value. Investments are held with first-tier financial institutions.

4. Funds executed

Funds executed of Project “REDD Early Movers do Mato Grosso (REM)” in the periods from July 1, 2023 to June 30, 2024 and July 1, 2022 to June 30, 2023 are as follows:

Subprograms	06/30/2024	06/30/2023	Accumulated (*)
Family farming and traditional peoples and communities in the Amazon, Cerrado and Pantanal regions	22,137	21,342	71,364
Indigenous peoples	10,833	9,894	30,348
Sustainable production, innovation and markets	6,083	4,714	21,974
Institutional strengthening and structuring public policies	20,147	19,774	103,164
Total	59,200	55,724	226,850

(*) The accumulated amount refers to the period from March 29, 2019 to June 30, 2024.

Independent auditor’s report on compliance with the accounting and financial contractual provisions of Project “REDD Early Movers do Mato Grosso”

To the
Executive Office and the Board of Directors of
Fundo Brasileiro para a Biodiversidade - FUNBIO
Project REDD Early Movers do Mato Grosso
Rio de Janeiro - RJ

We have audited the financial information for the period from July 1, 2023 to June 30, 2024 of Project “REDD Early Movers do Mato Grosso” (“Project or “REM”), managed by Fundo Brasileiro para a Biodiversidade - FUNBIO (the “Entity”), financed by the German Government through the German Development Bank (KfW), and by the Government of the United Kingdom through the Department for Business, Energy & Industrial Strategy (BEIS), and issued a report dated August 13, 2024.

Our audit was focused on checking whether the contractual provisions directly related to accounting and financial matters of project REM have been appropriately complied with.

We conducted our audit in accordance with the International Standards on Auditing and the requirements of the agreement entered into between the Entity and the German Government, through the German Development Bank, and the Government of the United Kingdom, through the Department for Business, Energy & Industrial Strategy (BEIS). These standards require that we plan and perform the audit in order to obtain reasonable certainty that FUNBIO has complied with the provisions in the agreement entered into with the German Government, through the German Development Bank, and with the Government of the United Kingdom, though Department for Business, Energy & Industrial Strategy (BEIS). The audit includes review, on a sample basis, of the evidence deemed appropriate by us. Accordingly, we believe that our audit provides a reasonable basis for our opinion.

In our opinion, in the period from July 1, 2023 to June 30, 2024, FUNBIO has complied, in all material respects, with the applicable contractual provisions, of an accounting and financial nature, of the agreement entered into with the German Government, through the German Development Bank, and with the Government of the United Kingdom, though Department for Business, Energy & Industrial Strategy (BEIS).

Independent auditor’s report on the internal control structure of Project “REDD Early Movers do Mato Grosso”

To the
Executive Office and the Board of Directors of
Fundo Brasileiro para a Biodiversidade - FUNBIO
Project REDD Early Movers do Mato Grosso
Rio de Janeiro - RJ

This report supplements our report on the financial information of Project “REDD Early Movers do Mato Grosso” (“REM” or “Project”).

The management of Fundo Brasileiro para a Biodiversidade - FUNBIO, manager of Project “REDD Early Movers do Mato Grosso”, is responsible for maintaining an internal control structure that is sufficient to mitigate the risks of material misstatement in the financial information and protect the assets under custody of the Project, including the constructed areas and other acquired assets. In order to fulfill this responsibility, management is required to make judgments and estimates to evaluate the expected benefits and costs of the internal control policies and procedures. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are protected against losses arising from unauthorized use or disposals, that transactions are carried out in accordance with management’s authorizations and contractual terms, and that they are properly recorded to enable the preparation of reliable financial information. Due to the limitations inherent in any internal control system, errors or irregularities may occur and remain undetected. In addition, the projections of any assessment of the structure of future periods are subject to the risk that the procedures could prove inadequate due to changes in conditions, or that the effectiveness of the design and operation of the policies and procedures could deteriorate.

In planning and performing our audit of the financial information of the Project for the period from July 1, 2023 to June 30, 2024, we obtained an understanding of the internal control structure and assessed the control risk to determine our audit procedures, in order to express an opinion on the financial information of the Project, and not to issue an opinion on the effectiveness of the internal control structure.

Our audit of the Project for the period from July 1, 2023 to June 30, 2024 revealed no significant deficiencies in the design or operation of internal controls that, in our opinion, could significantly affect FUNBIO’s ability to record, process, summarize and report financial information consistently with management’s representations in the financial information of funds received, disbursements made, and accumulated investments.

Building a better
working world

A significant deficiency is the condition in which the design or operation of one or more elements of the internal control structure does not reduce to a relatively low level the risk that errors or irregularities may occur in amounts that could be significant in relation to the financial information of the Project, and that could not be detected on a timely basis by FUNBIO employees in the normal course of the duties assigned thereto.

Our consideration of the internal control structure does not necessarily expose all matters of that system that could be considered significant deficiencies and, therefore, should not necessarily expose all conditions to be reported that could be considered significant deficiencies, according to the definition above.

Rio de Janeiro, August 13, 2024.
